Jhankar Mahbub

CEO, Programming Hero

San Jose, California, United States

Dear Mr. Mahbub:

I'm confident that I am the employee you are seeking because I have all of the qualifications outlined in your job posting. I have a core knowledge of HTML5, CSS, JS, React, Express and MongoDB, I think I would be an excellent candidate for Junior Web Developer at your company

As a Junior Web Developer for company, I will be responsible for my duties. Here are some of my professional highlights:

- My problem solving skill is good
- I am comfortable working under pressure
- I am sincere about the quality of work, time frame, and the instructions given to me
- I am a good team worker and so friendly

After reviewing my resume, if you'd like to discuss further how my skills and expertise might benefit for your company, please call me.

Sincerely,

Md. Sahidul Islam Muhit
